

FILTER ASSEMBLY

Ellsworth Adhesives is an industry leader in adhesives, specialty chemical manufacturing, and distribution. Our network of knowledgeable technical support and manufacturing capabilities makes us a one-stop shop for your filter assembly needs. We offer EVAs, metallocenes, polyamides, polyesters, polyolefins/APAOs, polyurethanes, pressure sensitive adhesives (PSA), silicones, urethanes, and more. Ellsworth Adhesives also offers the equipment needed to dispense adhesives for your air, oil, and water filter assembly application needs.

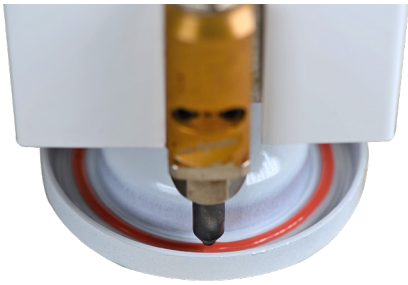

We offer personalized support to help you find the best high-performance adhesive options and dispensing equipment for your application. Inventory management options are available to help reduce supply chain issues.

Common Applications:

- End Cap Bonding
- Filter to Frame
- First to Last Pleat
- Frame Assembly
- Gasketing
- Media Lamination
- Pleat Separator
- Potting
